

European Grapevine Catalogue: Towards a Comprehensive List

T. Lacombe, L. Audeguin, M. Boselli, B. Bucchetti, F. Cabello, M. Crespan, C. D'Onofrio, J. Eiras Dias, S. Ercisli, M. Gardiman, MS. Grando, S. Imazio, O. Jandurova, A. Jung, E. Kiss, P. Kozma, E. Maul, D. Maghradze, C. Martinez, G. Muñoz, J-K. Pátková, I. Pejic, E. Peterlunger, D. Pitsoli, D. Preiner, S. Raimondi, F. Regner, G. Savin, S. Savvides, A. Schneider, J-L. Spring, A. Szoke, A. Veres, J-M. Boursiquot, R. Bacilieri and P. This

Annex 2 A : Index of the official names of grape varieties registered in the European Union

Legend : before the arrows, name of the variety as registered in the country. After the arrows, common prime name of the grapevine variety according to VIVC database when referenced, # identification number of the variety, species, sex (H = hermaphrodite, F = female, M = male), colour of berry skin (B = yellow-green, N = blue-black, Rg = red, Rs = rose, G = grey).
